

What is my summative rating?

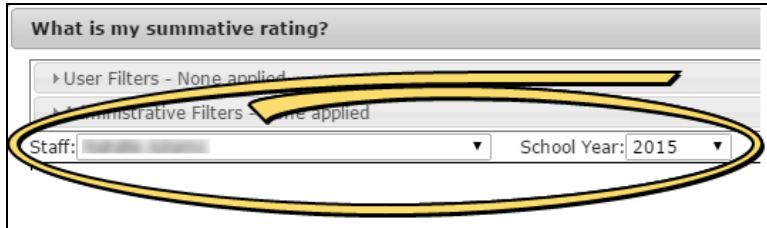

The summative rating report provides the average rating classification for a teacher based on all measures in a given school year. The summative rating is based on form items and rating scales defined for the school district. Scoring for observations is determined by the district and whether it uses best, last, or average.

Accessing the Report

1. Select Reports from the main navigation menu. Then select Measure > What is my summative rating?

2. Select a staff name and school year using the drop-down menus provided.

Using the Results

The report displays summative data for one teacher at a time and includes the following information.

Teacher Name: [Redacted] **School Year:** 2015
Teacher Category: 2015 Non-tenured
Classification: 84.77 - Effective

Category Weights

Planning and Preparation	25.0%
